

Day 2 - Recap of the 9th World Yee Convention Gathering

The 9th World Yee Family Convention Gathering continued on Saturday, November 14, following the previous day's warm welcome dinner, with a tightly arranged and deeply solemn schedule. At 9 a.m., the lobby of the BP International Hotel was already packed with clansmen. Attendees split into two groups: core representatives of the World Yee Family Association from around the globe headed to the Hong Kong Yue Clansmen Building at 34–36 Des Voeux Road Central, Sheung Wan, for the grand ancestor worship ceremony, while the non-delegate clansmen joined a one-day local tour of Hong Kong.

More than 100 representatives from different regions and heads of local clan branches gathered inside the Yue Clansmen Building. Leaders of the Hong Kong Yue Clansmen Association took the stage one after another to introduce the century-long history of the building, pay tribute to the contributions of past ancestors, and explain the profound significance of tracing our roots through this ritual. After the speeches, representatives from each regional clan hall proceeded to the ancestral shrine in turn and, following tradition, completed the full set of ceremonial rites: offering incense, presenting

fruit, serving the ceremonial roast pig, toasting with wine, laying out ritual paper offerings, and, finally, bowing in unison. The entire ceremony was conducted with great reverence and sincere devotion to honoring our ancestors and remembering our origins.

After the ceremony, all clansmen moved to the North Garden Restaurant in Sheung Wan for a shared luncheon. In the afternoon, the participating representatives returned to the Yue Clansmen Building for a special meeting to discuss preparations for the 10th World Yee Family Convention, while the other clansmen returned to the hotel to rest.

At 6 p.m., the closing ceremony of the convention was held in grand style in the Gordon Wu Banquet Hall at the BP International Hotel. The hall was full of distinguished guests, with no empty seats. As gongs and drums thundered, the lion dance team made a grand entrance. Traditional performances, including the eye-dotting ceremony and the "plucking the greens" ritual, were brilliant and instantly ignited the atmosphere. Founding Chairman of the World Yee Family Association Johnson Yee Jianlun, Chairman Alan Yu Zhongyuan, representatives from various regions, and Boon Kwee Ee (余文貴), President of the Singapore Yee Clan Association, which will host the next convention, took the stage one after another to deliver heartfelt speeches.

A grand award ceremony followed, in which commemorative banners were presented to all participating delegations, and special medals were awarded to senior clansmen who have made outstanding contributions to the Yee clan community over the years. The solemn flag handover ceremony then officially announced that the Singapore Yee Clan Association will host the 10th World Yee Family Convention.

During the dinner, the hall was filled with laughter and cheerful conversation. Each delegation lined up in turn to take group photos on stage, capturing precious moments of cross-continental reunion as lasting memories.

The closing ceremony came to a successful conclusion in a warm, harmonious, and joyful atmosphere. We extend our sincere gratitude once again to the Hong Kong Yue Clansmen Association. Your thoughtful, meticulous planning and dedication throughout the event have given every clansman who traveled from afar a perfect and unforgettable memory of this grand gathering.

Three years from now, we will meet again in the Lion City. See you in Singapore!
