

SPECIAL WORLD YEE RECOGNITION AWARD

At the closing ceremony for the US Yee Convention in San Francisco on August 14, amid the awards of plaques of appreciation to representatives of attending associations from the US and the world, Martin was surprised to hear his name called for an award. Little did he know the World Yee Web Committee had been pushing since 2016 for him to receive an award for his outstanding service to the World Yee website.

The late Fred Yee actually drafted some words back in January 2018 to accompany the presentation. As it turned out, US Grand President Eddie Yee did the honors and Fred's speech was not needed. Here is what Fred wrote:

“As the webmaster for 11 years and a member of the World Yee Web Committee (WYWC), for 14 years, Martin Yee has volunteered his time and efforts tirelessly to maintain and update the World Yee Family Association (WYFA) website. His work in posting website content for WYFA members, organizing the quarterly electronic World Yee newsletter and coordinating website content development has been invaluable to the WYWC. Martin does all this with quiet persistency and dedication.

To recognize his contribution and efforts, on behalf of the WYFA, the WYWC confers this special award to Martin Yee. We are very proud of Martin's accomplishments.”

Congratulations, Martin ! Well deserved !

World Yee Web Committee
